Star Trek: every common and uncommon rated

Every C/U card, color by color, A to Z. Each card gets one word, one line on why, and the reasons.

Great
take it early

Good
happy to play it

Playable
an average card that does its job

Filler
last ones in, cut when you can

Sideboard
good against the right deck

Avoid
leave it in the pool

Build-around
strong only in a deck built for it

White

31 cards: 3 great, 4 good, 16 playable, 7 filler, 1 build-around.

70,000 Light-Years from Home 1

Playable

Real removal with a small tax. Solid, never a first pick.

> **Track record** 2 similar cards in ECL, SOS: 4.0 points below an average card when drawn, better than 5% of commons and uncommons.

SOS · **-3.9**

ECL · **-4.0**

FRA · new, no games yet

Andromedan Automatons 2

Filler

A body that wants friends sealed won't give it.

Assembly Specialist 1

GOOD

Two bodies for two: the Borg deck's favorite opener.

> TRACK RECORD 2 similar cards in EOE, TLA: 1.4 points above an average card when drawn, better than 76% of commons and uncommons.

TLA · **+1.1**

EOE · **+1.8**

Brad Boimler, Eager Ensign 1

PLAYABLE

Honest 2-drop; the counters deck likes him more.

> TRACK RECORD 4 similar cards in HOB, MSH, SOS: 0.5 points above an average card when drawn, better than 61% of commons and uncommons.

MSH · **+0.6**

MSH · **+1.2**

SOS · **+0.2**

HOB · **+0.2**

Command Decision 1

GOOD

Kills the big one, or cycles. Never dead.

> TRACK RECORD 2 similar cards in HOB, SOS: 2.4 points above an average card when drawn, better than 85% of commons and uncommons.

> IN STAR TREK 25% of the creatures you meet are legal targets (power 4 or more) (in past sets: 34%): worse for it.

HOB · **+3.5**

SOS · **+1.2**

Command Subadjunct

FILLER

A 1-drop that only matters if you're all-in on Borg.

Conquest Mission 2

BUILD-AROUND

An army factory, if you have the artifacts to feed it.

DOT-7 Repair Squad 3

Filler

Looks fine, plays worse. Last card in.

> **Track record** 9 similar cards in ECL, EOE, HOB, MSH, SOS, TLA: 1.2 points below an average card when drawn, better than 30% of commons and uncommons.

> **In Star Trek** 12% of the creatures you meet can block a flyer (in past sets: 20%): better for it.

MSH · **+0.1**

ECL · **-1.2**

TLA · **-0.1**

Emergency Medical Hologram

Filler

Please state the nature of the medical emergency: this card.

> **Its effect in general** 10 past cards that creature that puts a +1/+1 counter on entering did 0.1 points better than average at any cost (53rd of C/U).

TLA · **-0.3**

Federation Field Medic 3

Great

A 2-for-1 at common. With 6 counter cards in your deck it draws about 3 times in 4 (Spacecraft, Sagas and Missions count, and so does an earlier Medic); the worst case is a 4/3 vigilance.

> **Track record** 2 similar cards in MSH, SOS: 2.8 points above an average card when drawn, better than 89% of commons and uncommons.

MSH · **+3.2**

SOS · **+2.3**

Free Borg Revolutionaries 3

Playable

Land early, finisher late. Never a dead draw.

ECL · **+0.5**

MSH · **-0.5**

MSH · **-0.3**

ECL · **+2.5**

Ghost of Illyria 3

Good

A flyer that doubles up your best enters effect.

> **Our judgment** The only past blink creature, Ennis, was a 2-mana 1/1; this is a 3/3 flyer for 4 that also replays your best enters effect.

> **Its effect in general** Its only past version did 4.2 points worse than average (4th of C/U).

Hologram Janeway 2

Playable

Go-wide reward; fine body either way.

Malfunctioning Holodeck 2

Good

White's answer to anything, bombs included.

> **Track record** 3 similar cards in EOE, MSH: 1.9 points above an average card when drawn, better than 82% of commons and uncommons.

> **In Star Trek** 0.15 played C/U answers per pack that remove it (and give the card back) (in past sets: 0.21): better for it.

Oberth-Class Starship 1

Playable

Smooths your mana, flies later. Quietly good.

Pet Sehlat 2

Playable

Big for its cost, as long as it has company.

Picard, Leading by Example 1

Playable

A cheap captain who makes someone else better.

Pure Energy 1

Playable

Slow growth for the counters deck.

> In Star Trek 56% of the creatures you'd play in its colors have an enters trigger (worth replaying) here, vs 35% on average in the sets with data.

> In Star Trek 0.06 removal auras per pack that returning your creature undoes here, vs 0.07 on average in the sets with data.

Rutherford, Upgraded Ensign 2

Great

Draw your Spacecraft with this. Needs 8+ artifacts in your deck; with 4 it's a coin flip.

> Track record 3 similar cards in ECL, EOE: 4.9 points above an average card when drawn, better than 98% of commons and uncommons.

ECL · **+6.2**

EOE · **+0.8**

Saavik, Stoic Student 4

Filler

Too much mana for too little.

> **Its effect in general** 3 past cards that creature that deals damage on entering did 1.7 points better than average at any cost (79th of C/U).

Set Phasers to . . .

Playable

Cheap, flexible, never exciting.

Tactical Officer 1

Playable

Aggro only.

Test of Conviction 1

Playable

Counters on your whole team in the go-wide deck; otherwise a fair draw-two.

> **Our judgment** One comparable, a gold spell; the team-counters mode is the reason to play it.

> **Track record** 1 similar card in SOS: 2.6 points above an average card when drawn, better than 87% of commons and uncommons.

> **In Star Trek** 34% of the creatures you meet cost 2 or less (in past sets: 42%): better for it.

SOS · **+2.6**

The Measure of a Man 2

Playable

Buys time, not a win.

There's Coffee in that Nebula 1

Filler

Smooth draws, no impact.

> **In Star Trek** 56% of the creatures you'd play in its colors have an enters trigger (worth replaying) here, vs 35% on average in the sets with data.

> **In Star Trek** 0.06 removal auras per pack that returning your creature undoes here, vs 0.07 on average in the sets with data.

U.S.S. Excelsior, Cutting Edge 3

Great

A removal spell that turns into a win condition? Sign me up.

Una Chin-Riley, Number One 4

Playable

A sturdy top end for go-wide decks.

Vexing Drone 1

Playable

Clears the way on the turn you go for it.

> **Its effect in general** 5 past cards that creature that taps a blocker on entering did 0.5 points worse than average at any cost (41st of C/U).

Blue

31 cards: 7 good, 15 playable, 5 filler, 4 avoid.

Anthropological Mission 2{U}

Filler

Needs a spell-heavy deck to get going.

Cetacean Ops 3{U}

Avoid

Below average, whales and all.

> **Track record** 7 similar cards in SOS, TLA: 1.2 points below an average card when drawn, better than 30% of commons and uncommons.

> **In Star Trek** 63% of the C/U cards you'd play in its colors enable it (noncreature spells) (in past sets: 34%): better for it.

Cloak and Phaser 8

Playable

A late-game avalanche of value.

> **Its effect in general** 19 past cards that draw two or more did 0.5 points worse than average at any cost (42nd of C/U).

Cloistered Telepath 1

Good

Cheap, flexible, always useful.

> **Track record** 3 similar cards in EOE, HOB: 2.8 points above an average card when drawn, better than 89% of commons and uncommons.

> **In Star Trek** 34% of the creatures you meet cost 2 or less (in past sets: 39%): better for it.

HOB · **-2.2**

TLA · **+1.6**

SOS · **+1.8**

MSH · **+2.4**

Data, New Life 1U

Filler

Too slow to matter in time.

Dominion Saboteur 4

Playable

Exactly as good as the best card on the table.

> **Track record** 1 similar card in ECL: 0.7 points above an average card when drawn, better than 64% of commons and uncommons.

ECL · **+0.7**

Emergency Holographic Crew 3

Playable

Spacecraft decks want it, others take the surveil.

> **Our judgment** Compared on its surveil mode only; returning a Spacecraft is the reason to play it.

Starfleet Spanner Jockey 1

Playable

A great early blocker that sometimes attacks.

Suurok-Class Science Vessel 2

Good

Can't lose a card on it, and it flies.

Suus Mahna Practitioner 2

Playable

Late-game lock on their best creature.

Test of Priorities 1

Playable

Always does something.

Those Old Scientists 2

Filler
