Free Officers if you play modal spells.

Captain Jean-Luc Picard 2

Great

A three-mana anthem that makes an army; untouched, every creature you cast brings a 2/2, and the ships come free.

> **Track record** 3 similar cards in HOB, MSH, SOS: 0.8 points above an average card when drawn, better than 57% of rares and mythics.

> **In Star Trek** 39% of the C/U cards you'd play in its colors enable it (creatures) (in past sets: 47%): worse for it.

Excalbian Gamemaster 5

Great

Hard to trade with, harder to ignore.

Federation Resupply 1
